

How to: Download & Delete Apple iPhone Applications

Tellus eVV to Mobile Caregiver+

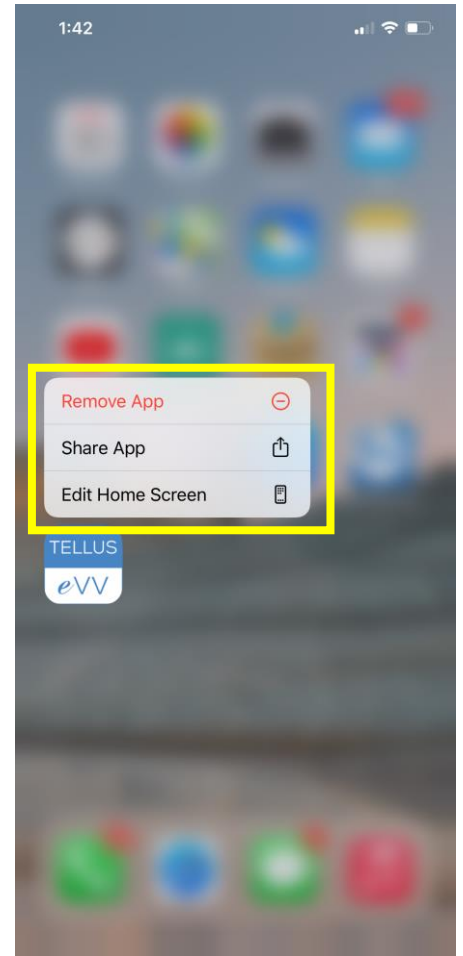

Step 1:

Find the Tellus eVV application on your home screen.

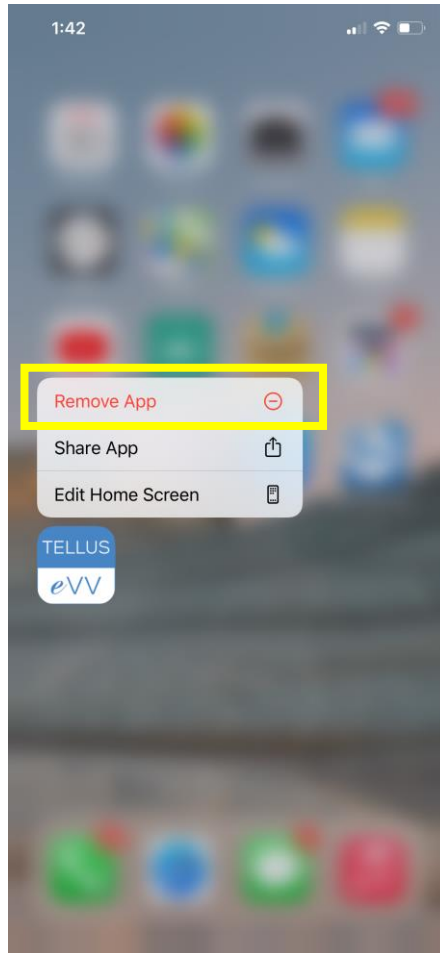

Step 2:

Press and hold down on the application until the selection menu pops up.

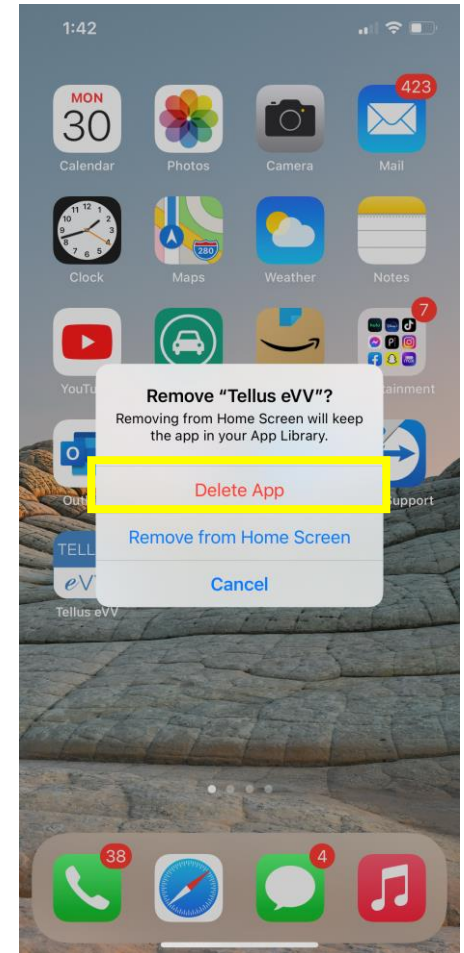

Step 3:

Select Remove App from the pop-up menu. Another pop-up appears saying 'Remove "Tellus eVV"?'

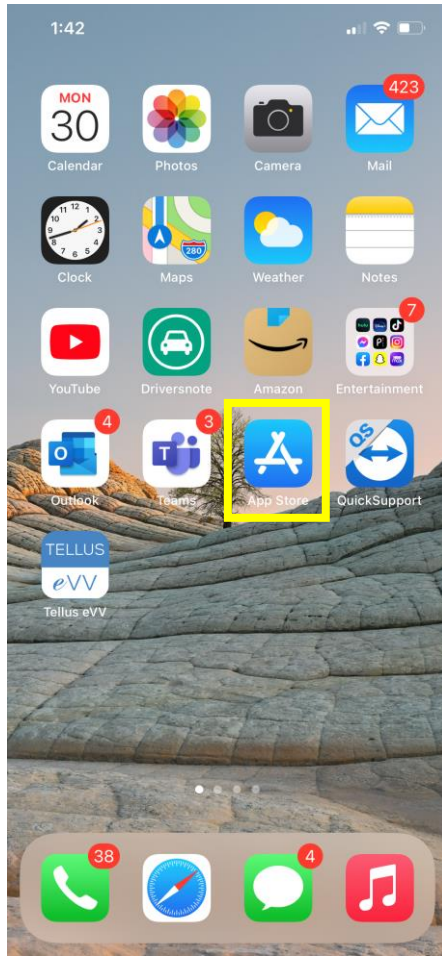

Step 4:

Select 'Delete App' in the 'Remove "Tellus eVV"?' pop-up

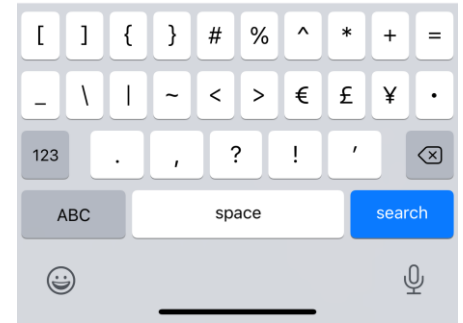

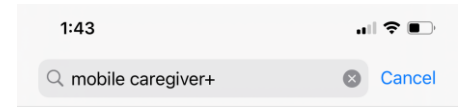

Step 5:

Navigate to and open the App Store application.

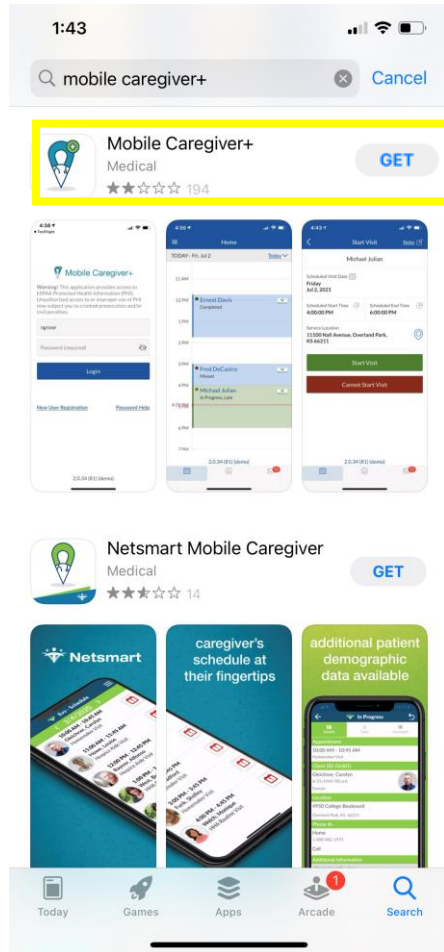

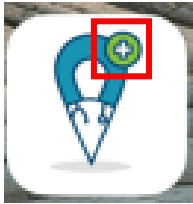

Step 6:

Search for 'Mobile Caregiver+' in the search bar of the App Store application. Click 'Search'.

Step 7:

Find the Mobile Caregiver+ application. Select 'Get' to begin downloading the app. You might have to enter a password or confirm the download. (Note: Make sure you are downloading the application with the '+' in the logo.)

Step 8:

You should now see the new Mobile Caregiver+ application on your home screen. The application is now ready for use.
